WORK EXPERIENCE

FRONT-END DEVELOPER
TARANTULA, GJAKOVË   Jun 2024 – Current

Currently working at Tarantula, on building a CRM for businesses with Laravel. Working extensively with backend on integrating functionality with blade components using frontend tools like tailwind, alpine.js and javascript while ensuring seamless data flow and real-time updates.

REACT DEVELOPER
TETBIT L.L.C, GJAKOVË   Jan 2023 – May 2024

worked as a Front-end developer using Next.js, Typescript and SCSS as main technologies. I translated design mockups into responsive web applications, implemented efficient React components, and utilized Next.js for server-side rendering. I contributed to the creation of visually appealing and high-performance web solutions.

FRONT-END DEVELOPER
GJIRAFA INC. PRISHTINA   Mar 2023 – Dec 2023

Worked on Gjirafa at e-commerce as frontend developer where I collaborated closely with our design and backend teams to bring user interfaces to life using MVC Razor Pages. I worked with HTML, CSS, JavaScript/jQuery and Razor syntax to transform design and backend functionality into interactive platform that meet both user and business needs.

FREELANCER   Mar 2021 – current

At times when I'm free I work on given or personal projects as a Freelancer. One of my most recent projects was a car renting site I built for a foreign customer with Next.js. You can check it on my portfolio link.
