- TypeScript
- Next.js
- Docker

LANGUAGES

- Albanian Native
- English Professional

VALON HAXHIDAUTI

Full Stack Developer

Design-to-code specialist with focus on Laravel / Blade · Tailwind · Alpine.js

PROFILE

Frontend developer focused on turning designs into clean, responsive interfaces with **HTML, Tailwind CSS, and Alpine.js** inside tightly integrated backends. Currently building a Laravel CRM with Blade components and real-time UI. Previously shipped e-commerce UI with **MVC Razor Pages**.

WORK EXPERIENCE

FULLSTACK DEVELOPER

Jun 2024 – Present

TARANTULA · GJAKOVË

- Build CRM features end-to-end in Laravel — UI with **Blade, Tailwind CSS, Alpine.js, and JavaScript**, plus backend logic.
- Implement controllers, models, and MySQL queries alongside reusable Blade components and workflows.
- Deliver interactive, responsive UI with seamless data flow and real-time updates — no separate SPA layer.
- Own features from database and server-side logic through to polished, design-faithful front-end screens.

FRONTEND DEVELOPER

Mar 2023 – Dec 2023

GJIRafa INC. · PRISHTINA

- Built e-commerce UI with **MVC Razor Pages**, HTML, CSS, JavaScript/jQuery, and Razor syntax.
- Translated design mockups into production templates integrated with backend business logic.
- Worked hand-in-hand with design and backend teams inside a classic CMS-style, server-rendered stack.

FRONTEND DEVELOPER

Jan 2023 – May 2024

TETBIT L.L.C · GJAKOVË

- Delivered responsive web UIs from mockups using TypeScript, SCSS, and component-based patterns.
- Strengthened design implementation, accessibility, and performance habits that carry into CMS front-end work.

FREELANCE FRONTEND DEVELOPER

Mar 2021 – Present

INDEPENDENT · REMOTE CLIENTS

- Build client sites end-to-end from design to deployment; recent work includes a car-rental platform (Next.js + Laravel).
- Comfortable owning pixel-accurate layout, responsive behaviour, and handoff with backend APIs.

CERTIFICATES

LIFE FROM GJIRafa

May 2022 – Mar 2023

9-month intensive front-end training. Certified Front-end Developer; pathway into Gjirafa Inc.

PYTHON — ROI ACADEMY

Nov 2021 – Dec 2021

2-month training covering Python fundamentals and practical programming skills.
